Auroville Botanical Gardens,	Auroville, Tamil Nadu	The Auroville Botanical Garden was started in August 2000 on 50 acres of old cashew land rescued from the threat of real estate development. More than 250 tree species have been planted in the 25-acre arboretum, 5,500 specimens have been planted in the 10-acre conservation forest.
Brindhavan Garden	Mysore, Karanataka	It is spread across an area of 60 acres (240,000 m ²). Adjoining it is also a fruit orchard spread across 75 acres (300,000 m ²) and 2 horticultural farms, Nagavana (30 acres) and Chandravana (5 acres).
Chambal Garden	Kota, Rajasthan	The well-groomed garden's centerpiece is a pond replete with gharials, which used to house magars as well. The pond can be crossed via a suspension bridge or by boat to allow a closeup view of the fish-eating reptiles.
Chashme Shahi	Srinagar, J & K	The garden was constructed around the spring by the Mughal Governor Ali Mardan Khan in 1632.
Company garden	Allahabad , Uttar Pradesh	The garden was originally created in the 1650s by the region's first European settlers and provided fertile ground to grow fresh produce to replenish ships rounding the Cape. It is watered from the Molteno Dam which uses water from the springs on the lower slopes of Table Mountain.
Hanging Garden	Mumbai , Maharashtra	The Gardens, also known as Pherozeshah Mehta Gardens were first built in 1881. Designed by Ulhas Ghapokar, it is said to have been built over one of Bombay's main water reservoir

Jallianwala Bagh	Amristar, Punjab	The Jallianwala Bagh is a public garden of 6 to 7 acres (28,000 m ²), walled on all sides, with five entrances. To enter, troops first blocked the entry by a tank and locked the exit.
Jawaharlal Nehru Botanical Garden	Gangtok, Sikkim	Established large living collection of trees and woody lianas (1000 species); Medicinal, Aromatic and Spice plants (1500 species), Pre-tsunami living collections from Andaman-Nicobar Islands (125 species), Orchids (600 species and 150 hybrids); Bamboos (60 species); Rare and Threatened plants(550 species); Ferns and Fern allies (165 species); Palms (105 species), Cyclades (35 species) and special groups like Zingibers (50 species)
Jhansi Botanical Garden	Jhansi, Uttar Pradesh	
Kalindi Kunj	New Delhi	It has a number of rides to bring you endless hours of fun. Spending a day at this water park especially during summers is the best gift you can give to yourself.
Lal Bagh	Bangalore, Karnataka	Lalbagh is a 240 acres (0.97 km ²) garden and is located in south Bengaluru. It holds a number of flower shows, especially on the Republic Day (26 January). The garden has over 1,000 species of flora. The garden also has trees that are over 100 years old.
Law garden	Ahmedabad, Gujarat	The market outside the garden is very famous for the handicraft goods sold by local people. The road at the side of the garden is filled with street hawkers selling all kinds of food items.
Lloyd's Botanical Garden	Darjeeling, West Bengal	Lloyd's Botanical Garden was established in 1878 when 40 acres (160,000 m ²) of land was acquired at Darjeeling to form a botanic garden as a distant annexe of the Calcutta Botanical Garden. The land was provided by William Lloyd, in whose name the botanical garden has been named.
Lodi Garden	New Delhi	Spread over 90 acres (360,000 m ²)
Malampuzha Garden	Palakkad, Kerala	It is a combination of a masonry dam with a length of 1,849 metres and an earthen dam with a length of 220 metres
Mughal garden	New Delhi	The founder of the Mughal empire, Babur, described his favourite type of garden as a charbagh.
Nishat Bagh	Srinagar , J & K	It is the second largest Mughal garden in the Kashmir Valley.
Pilikula Botanical Garden	Mangalore, Karnataka	The Pilikula Arboretum (Pilikula Botanical Garden) extends over 35 ha.

Pinjore Garden	Panchkula , Haryana	English author-painter C.M. Villiers-Stuart, who resided in the gardens for a time, included a description in her book on "Gardens of the Great Mughals" (1913).
Rock Garden	Darjeeling	Typically, plants found in rock gardens are small and do not grow larger than 1 meter in height,[1] though small trees and shrubs up to 6 meters may be used to create a shaded area for a woodland rock garden.
Rock Garden of Chandigarh	Chandigarh	Today it is spread over an area of 40 acres (161874.25 m ²).
Saharanpur Botanical Garden,	Saharanpur, Uttar Pradesh	Provisional 2011 census data indicates that Saharanpur has a population of 705,478, out of which males were 371,740 and females were 333,738. The literacy rate was 76.32 per cent.
Sajjan Niwas Garden(Gulab Bagh)	Udaipur, Rajasthan	It is spread over 100 acres (40 ha) of land. The garden has innumerable varieties of roses. Gulab Bagh gets its name from the abundance of rose flowers
Sarita Udyan	Gandhinagar, Gujarat	The name 'SaritaUdyan' itself suggests its geographical position as 'Sarita' means river and 'Udyan' means garden.
Shalimar Bagh	Srinagar, J & K	The garden, as finally laid out, covers an area of 12.4 hectares (31 acres) built with a size of 587 metres (1,926 ft) length on the main axis channel and with a total width of 251 metres (823 ft).
Sim's Park	Coonoor, Tamil nadu	Here the maximum temperature goes up to 30 degree Celsius and the minimum falls to 5°C. The average rain fall of this garden is 150 cm. It extends over an area of 12 hectares of undulating land and possesses a number of natural advantages. This park has more than 1000 species of 255 generas belonging to 85 families widely covering different group of plants.
The Royal Botanical Garden	Howrah, West Bengal	The organisation has an average of 1 million paying visitors per year. Its 326-acre site at Kew has 40 historically important buildings and collections of over 40,000 species of plants and it became a United Nations World Heritage Site on 3 July 2003.
Tulip Garden	Srinagar, J & K	It is the largest tulip garden in Asia spread over an area of about 30 hectares.The garden was opened in 2007 with the aim to boost floriculture and tourism in Kashmir Valley.
