IX Study the picture given below:

Air pollution :-

Air pollution is a type of environmental pollution that affects the air and usually caused by smoke or other harmful gases, mainly oxides of carbon, sulphur and nitrogen.

In other words, air pollution is the contamination of air due to the presence or introduction of a substance which has poisonous effect.

Many of the world's large cities today have polluted air or low air and complain about its quality. Even 2,000 years ago, the Romans were complaining about the polluted air in their cities. At that time, the air was thick with smoke from fires and the smell of sewage. Air pollution has been classified as a danger to human health & Earth's natural ecosystem for a long time.

X Quote from memory :-

My day or night myself I make,
when'er I sleep or play :
And could I ever keep awake
with me 'twere always day.

OR

It is enthroned in the heart of Kings;

It is an attribute to God himself

And earthly power doth then show like God's,
when mercy seasons Justice.

XI 35. Read the following O + A :-

George Washington was the first president of the United States of America. He was born over 200 years ago in the state of Virginia on February 22. Q11 Answer the following in 8-10 sentences:-

36) How do you say that Jazz musician is a pathetic figure and commanding artist?

An old Jazz musician is standing like a Black Ancient Mariner. His old face is wrinkled and weary. His faded blue shirt has turned dark with sweat. Blue shirt has turned dark with sweat. His stomach is hanging loosely. His jacket is worn out and his necktie is undone and dropping loosely over the jacket. His shoes are torn and are stuffed with paper to cover the holes. His rough unshaven face shows pain.

He stands alone. head down, eyes closed and ears perked. An old saxophone hangs across his chest supported from his neck by a wire coat hanger. He gently lifts the saxophone to the parted lips. But once he starts playing music he is no longer a man but a bird which gathers his wings and flies higher and higher. He seems to be spreading the message of God through his music.

III write an Essay on any one of the following:

* Air pollution :-

Air pollution is a major threat to today's growing world. Every day the rate of air pollution in the atmosphere is getting to a higher rate. This is usually due to the pollutants released into the air through many human activities. It is important for the present generation to know the threat behind the situation and to control it before it destroys the atmosphere.

Causes of air pollution :- There are many causes of air pollution.

The human activities are the first and the only cause of environmental pollution of any form. Anything that we do by burning of any material, be it household items or the industrial chemicals release harmful gases causing air pollution. The use of motor vehicles such as cars, motorcycles, buses, trucks, jeeps, trains and aeroplanes use a lot of fuels which emit a lot of carbon

di oxide in the atmosphere and that is biggest reason for the air getting dirty. Also, the use of refrigerators that release chlorofluoro-carbons cause air pollution.

Effects of air pollution :-

Quality deteriorating, air with the air future is at stake. Increasing air pollution can cause serious health hazards like cancer and cardiovascular issues. Children suffer from bronchitis and pneumonia. Irritation of nose and throat, asthma attacks, pulmonary diseases are all outcomes of air pollution. Another major effect of air pollution is Extreme climate change. Disrupting food chains, extinction of species, depleting ozone layer are some of the grave issues we face today.

Conclusion :- The fresh air is the first certificate of our survival on this planet earth, the life would have been simply unbearable when the polluted air conquers our mother earth. The government and citizens have a collective responsibility in the prevention and control of air pollution. The effect of air pollution will reduce upon the reduction of air pollution.
