Acardoni	Chudu of mitor				
Acarology	Study of mites				
Accidence	Study of Grammar				
Acology	Study of medical remedies				
Acoustics	Science of sound				
Aedoeology	Study of generative organs				
Aerobiology	Study of airborne organisms				
Aerodynamics	Science of movement in a flow of air or gas				
Aerolithology	Study of meteorites				
Aerology	Study of the atmosphere				
Aeronautics	Study of navigation through air or space				
Agriology	The comparative study of primitive peoples				
Agrobiology	Study of plant nutrition				
Agrology	Study of agricultural soils				
Agronomics	Study of productivity of land				
Agrostology	Study of grasses				
Alethiology	Study of truth				
Algedonics	Science of pleasure and pain				
Anaesthesiology	Study of anesthetics				
Anatomy	Study of internal structure of the body				
Andragogy	Theory and practice of education of adults				
Anemology	Study of wind				
Angiology	Study of blood flow and lymphatic system				
Aphnology	Science of wealth				
Apiology	Study of bees				
Arachnology	Study of spiders				
Archaeology	Study of human material remains				
Archology	Science of the origins of government				
Arctophily	Study of teddy bears				
Areology	Study of Mars				
Aretaics	The science of virtue

CosmetologyStudy of cosmeticsCosmologyStudy of the universe							
Cosmology Study of the universe							
	Criminology	Study of crime					

Cryobiology	Study of life under cold climate					
Cryptology	Study of codes					
Ctetology	Study of the inheritance of acquired characteristics					
Cytology	Study of living cells					
Dactyliology	Study of rings					
Dactylography	Study of fingerprints					
Dactylology	Study of sign language					
Demography	Study of Population					
Demology	Study of human behavior					
Dendrochronology	Study of tree rings					
Dendrology	Study of trees					
Dermatoglyphics	Study of skin patterns and fingerprints					
Dermatology	Study of skin					
Desmology	Study of ligaments					
Diagraphics	Art of making diagrams or drawings					
Diplomatics	Science of deciphering ancient writings and texts					
Dysgenics	Study of racial degeneration					
Ecclesiology	Study of church affairs					
Ecology	Study of environment					
Economics	Study of material wealth					
Edaphology	Study of soils					
Egyptology	Study of ancient Egypt					
Ekistics	Study of human settlement					
Electrochemistry	Study of relations between electricity and chemicals					
Electrostatics	Study of static electricity					
Embryology	Study of embryos					
Endemiology	Study of local diseases					
Endocrinology	Study of glands					
Entomology	Study of insects					
Epistemology	Study of grounds of knowledge					
Eremology	Study of deserts					
Ergology	Study of effects of work on humans					
Ergonomics	Study of people at work					
Eschatology	Study of death; final matters					
Ethnogeny	Study of origins of races or ethnic groups					
Ethnology	Study of oligins of faces of ethnic groups					
Ethnomethodology	Study of everyday communication					
Ethology	Study of natural or biological character					
Ethonomics	Study of economic and ethical principles of a society					
Etymology	Study of origins of words					
Euthenics	Science concerned with improving living conditions					
Fluviology	Study of watercourses					
Folkloristics	Study of folklore and fables					
Gastroenterology	Study of stomach; intestines					

Genealogy	Study of descent of families				
Genesiology	Study of reproduction and heredity				
Genethlialogy	Art of casting horoscopes				
Geochronology	Study of measuring geological time				
Geogeny	Science of the formation of the earth's crust				
Geogony	Study of formation of the earth				
Geography	Study of surface of the earth and its inhabitants				
Geology	Study of earth's crust				
Geomorphogeny	Study of the origins of land forms				
Geoponics	Study of agriculture				
Geotechnics	Study of increasing habitability of the earth				
Geratology	Study of decadence and decay				
Gerocomy	Study of old age				
Gerontology	Study of the elderly; aging				
Glaciology	Study of ice ages and glaciation				
Glossology	Study of language; study of the tongue				
Glyptography	Art of engraving on gems				
Gnomonics	Art of measuring time using sundials				
Gnosiology	Study of knowledge; philosophy of knowledge				
Graminology	Study of grasses				
Grammatology	Study of systems of writing				
Graphemics	Study of systems of representing speech in writing				
Gromatics	Science of surveying				
Gynaecology	Study of women's physiology				
Gyrostatics	Study of rotating bodies				
Haemataulics	Study of movement of blood through blood vessels				
Hagiology	Study of saints				
Halieutics	Study of fishing				
Hamartiology	Study of sin				
Harmonics	Study of musical acoustics				
Hedonics	Part of ethics or psychology dealing with pleasure				
Heliology	Science of the sun				
Helioseismology	Study of sun's interior by observing its surface oscillations				
Helminthology	Study of worms				
Hematology	Study of blood				
Heortology	Study of religious feasts				
Hepatology	Study of liver				
Heraldry	Study of niver Study of coats of arms				
Heresiology	Study of heresies				
Herpetology	Study of reptiles and amphibians				
Hierology	Science of sacred matters				
Hippiatrics	Study of diseases of horses				
Hippology	Study of horses				
Histology	Study of the tissues of organisms				
i listology					

Histopathology	Study of changes in tissue due to disease					
Historiography	Study of writing history					
Historiology	Study of history					
Homiletics	Art of preaching					
Hoplology	Study of weapons					
Horography	Art of constructing sundials or clocks					
Horology	Science of time measurement					
Horticulture	Study of gardening					
Hydrobiology	Study of aquatic organisms					
Hydrodynamics	Study of movement in liquids					
Hydrogeology	Study of ground water					
Hydrography	Study of investigating bodies of water					
Hydrokinetics	Study of motion of fluids					
Hydrology	Study of water resources					
Hydrometeorology	Study of atmospheric moisture					
Hydropathy	Study of treating diseases with water					
Hyetology	Science of rainfall					
Hygiastics	Science of health and hygiene					
Hygienics	Study of sanitation; health					
Hygiology	Study of cleanliness					
Hygrology	Study of humidity					
Hygrometry	Science of humidity					
Hymnography	Study of writing hymns					
Hypnology	Study of sleep; study of hypnosis					
Hypsography	Science of measuring heights					
Iamatology	Study of remedies					
Iatromathematics	Archaic practice of medicine in conjunction with astrology					
Ichnography	Art of drawing ground plans; a ground plan					
Ichnology	Science of fossilized footprints					
Ichthyology	Study of fish					
Iconography	Study of drawing symbols					
Iconology	Study of icons; symbols					
Ideogeny	Study of origins of ideas					
Immunogenetics	Study of genetic characteristics of immunity					
Immunology	Study of immunity					
Immunopathology	Study of immunity to disease					
Insectology	Study of insects					
Irenology	Study of peace					
Kalology	Study of beauty					
Karyology	Study of cell nuclei					
Kinematics	Study of motion					
Kinesics	Study of motion Study of gestural communication					
Kinesiology	Study of human movement and posture					
Kinetics	Study of forces producing or changing motion					
	- stady of forces producing of changing motion					

Koniology	Study of atmospheric pollutants and dust					
Ktenology	Science of putting people to death					
Kymatology	Study of wave motion					
Labeorphily	Collection and study of beer bottle labels					
Larithmics	Study of population statistics					
Lepidopterology	Study of butterflies and moths					
Leprology	Study of leprosy					
Lexicology	Study of words and their meanings					
Lexigraphy	Art of definition of words					
Lichenology	Study of lichens					
Limnobiology	Study of freshwater ecosystems					
Limnology	Study of bodies of fresh water					
Linguistics	Study of language					
Liturgiology	Study of liturgical forms and church rituals					
Magirics	Art of cookery					
Magnanerie	Art of raising silkworms					
Magnetics	Study of magnetism					
Malacology	Study of mollusks					
Malariology	Study of malaria					
Mastology	Study of mammals					
Mechanics	Study of action of force on bodies					
Meconology	Study of or treatise concerning opium					
Melittology	Study of bees					
Metallography	Study of the structure and constitution of metals					
Metallurgy	Study of alloying and treating metals					
Metaphysics	Study of principles of nature and thought					
Metapsychology	Study of nature of the mind					
Meteorology	Study of weather					
Metrics	Study of versification					
Metrology	Science of weights and measures					
Microbiology	Study of microscopic organisms					
Muscology	Study of mosses					
Museology	Study of museums					
Mycology	Study of funguses					
Mythology	Study of myths; fables; tales					
Naology	Study of church or temple architecture					
Neonatology	Study of newborn babies					
Neossology	Study of nestling birds					
Nephology	Study of clouds					
Nephrology	Study of the kidneys					
Neurobiology	Study of anatomy of the nervous system					
Neurology	Study of nervous system					
Neuropsychology	Study of relation between brain and behaviour					
Neurypnology	Study of hypnotism					

Neutrosophy	Study of the origin and nature of philosophical neutralities					
Nomology	Science of the laws; especially of the mind					
Noology	Science of the intellect					
Nosology	Study of diseases					
Nostology	Study of senility					
Numerology	Study of numbers					
Numismatics	Study of roins					
Obstetrics	Study of midwifery					
Oceanography	Study of oceans					
Odontology	Study of teeth					
Oenology	Study of wines					
Oikology	Science of housekeeping					
Olfactology	Study of the sense of smell					
Ombrology	Study of rain					
Oncology	Study of tumors					
Oneirology	Study of dreams					
Onomasiology	Study of nomenclature					
Onomastics	Study of proper names					
Ontology	Science of pure being; the nature of things					
Oology	Study of eggs					
Ophiology	Study of snakes					
Ophthalmology	Study of eye diseases					
Optics	Study of light					
Optometry	Science of examining the eyes					
Orchidology	Study of orchids					
Ornithology	Study of birds					
Orology	Study of mountains					
Orthoepy	Study of correct pronunciation					
Orthography	Study of spelling					
Orthopterology	Study of cockroaches					
Osmics	Scientific study of smells					
Osphresiology	Study of the sense of smell					
Osteology	Study of bones					
Otorhinolaryngology	Study of ear, nose, and throat					
Paedology	Study of children					
Paedotrophy	Art of rearing children					
Paidonosology	study of children's diseases; pediatrics					
Palaeoanthropology	Study of early humans					
Palaeobiology	Study of fossil plants and animals					
Palaeoclimatology	Study of ancient climates					
Palaeolimnology	Study of ancient fish					
Palaeolimnology	Study of ancient lakes					
Palaeontology	Study of fossils					
Paleo-osteology	Study of ancient bones					

Palynology	Study of pollen					
Parapsychology	Study of unexplained mental phenomena					
Parasitology	Study of parasites					
Paroemiology	Study of proverbs					
Pathology	Study of disease					
Patrology	Study of early Christianity					
Pedagogics	Study of teaching					
Pedology	Study of soils					
Penology	Study of crime and punishment					
Petrology	Study of rocks					
Pharmacognosy	Study of drugs of animal and plant origin					
Pharmacology	Study of drugs					
Pharyngology	Study of the throat					
Philately	Study of postage stamps					
Philosophy	Science of knowledge or wisdom					
Phoniatrics	Study and correction of speech defects					
Phonology	Study of speech sounds					
Photobiology	Study of effects of light on organisms					
Phraseology	Study of phrases					
Phycology	Study of algae and seaweeds					
Physics	Study of properties of matter and energy					
Physiology	Study of processes of life					
Piscatology	Study of fishes					
Pisteology	science or Study of faith					
Planetology	Study of planets					
Pneumatics	Study of mechanics of gases					
Podology	Study of the feet					
Polemology	Study of war					
Potamology	Study of rivers					
Prosody	Study of versification					
Protistology	Study of protists					
Proxemics	Study of man's need for personal space					
Psalligraphy	Art of paper-cutting to make pictures					
Psephology	Study of election results and voting trends					
Pseudology	Art or science of lying					
Pseudoptics	Study of optical illusions					
Psychobiology	Study of biology of the mind					
Psychogenetics	Study of internal or mental states					
Psychology	Study of mind					
Psychopathology	Study of mental illness					
Psychophysics	Study of link between mental and physical processes					
Pteridology	Study of ferns					
Pyretology	Study of fevers					
Pyroballogy	Study of artillery					

Pyrography	Study of woodburning				
Quinology	Study of quinine				
Raciology	Study of racial differences				
Radiology	study of X-rays and their medical applications				
Rhabdology	Art of calculating using numbering rods				
Rhochrematics	Science of inventory management and the movement of				
	products				
Sarcology	Study of fleshy parts of the body				
Schematonics	art of using gesture to express tones				
Sedimentology	Study of sediment				
Seismology	Study of earthquakes				
Selenodesy	Study of the shape and features of the moon				
Selenology	Study of the moon				
Semantics	Study of meaning				
Semantology	science of meanings of words				
Semasiology	Study of meaning; semantics				
Semiology	Study of signs and signals				
Semiotics	Study of signs and symbols				
Sociobiology	Study of biological basis of human behavior				
Sociology	Study of society				
Somatology	science of the properties of matter				
Spectrology	Study of ghosts				
Speleology	Study and exploration of caves				
Sphagnology	Study of peat moss				
Stasiology	Study of political parties				
Statics	Study of bodies and forces in equilibrium				
Stemmatology	Study of relationships between texts				
Stoichiology	Science of elements of animal tissues				
Stratigraphy	Study of geological layers or strata				
Symptomatology	Study of symptoms of illness				
Synecology	Study of ecological communities				
Synectics	Study of processes of invention				
Syntax	Study of sentence structure				
Teleology	Study of final causes; analysis in terms of purpose				
Telmatology	Study of swamps				
Thalassography	science of the sea				
Thanatology	Study of death and its customs				
Thaumatology	Study of miracles				
Theology	Study of religion; religious doctrine				
Theriogenology	Study of animals' reproductive systems				
Thermodynamics	Study of relation of heat to motion				
Thermokinematics	Study of motion of heat				
Thermology	Study of heat				
Therology	Study of wild mammals				

Thremmatology	Science of breeding domestic animals and plants				
Threpsology	Science of nutrition				
Tonetics	Study of pronunciation				
Topology	Study of places and their natural features				
Toxicology	Study of poisons				
Traumatology	Study of wounds and their effects				
Trichology	Study of hair and its disorders				
Trophology	Study of nutrition				
Tsiganology	Study of gypsies				
Typhlology	Study of blindness and the blind				
Uranography	Descriptive astronomy and mapping				
Uranology	Study of the heavens; astronomy				
Urenology	Study of rust molds				
Urology	Study of urine; urinary tract				
Venereology	Study of venereal disease				
Vermeology	Study of worms				
Vexillology	Study of flags				
Victimology	Study of victims				
Vinology	Scientific study of vines and winemaking				
Virology	Study of viruses				
Vulcanology	Study of volcanoes				
Xylography	Art of engraving on wood				
Zenography	Study of the planet Jupiter				
Zoogeography	Study of geographic distribution of animals				
Zoogeology	Study of fossil animal remains				
Zoology	Study of Fauna (animals)				
Zoonosology	Study of animal diseases				
Zoophytology	Study of plant-like animals				
Zoosemiotics	Study of animal communication
