**Answer: b) Active involvement and participation**

**Question 31: Progressive education emphasizes:** a) Teacher-centred instruction b) Standardized testing c) Experiential learning and active engagement d) Memorization of textbooks

**Answer: c) Experiential learning and active engagement**

**Question 32: Child-centred education values the importance of:** a) Rote memorization b) Passive listening c) Personalized learning experiences d) Strict adherence to traditional methods

**Answer: c) Personalized learning experiences**

**Question 33: Progressive education advocates for:** a) Isolated learning experiences b) Teacher-dominated instruction c) Active inquiry, exploration, and collaboration d) Rigid curriculum structure

**Answer: c) Active inquiry, exploration, and collaboration**

**Question 34: Child-centred education believes in:** a) Passive student behaviour b) Rote memorization of textbooks c) Student agency and autonomy in learning d) Strict adherence to teacher instructions

**Answer: c) Student agency and autonomy in learning**

**Question 35: Progressive education emphasizes:** a) Rigid classroom discipline b) Teacher-centered instruction c) Active learning, critical thinking, and creativity d) Passive listening and note-taking

**Answer: c) Active learning, critical thinking, and creativity**

**Question 36: Child-centred education values the development of students' abilities in:** a) Rote memorization b) Passive listening c) Critical thinking, problem-solving, and creativity d) Conformity and obedience

**Answer: c) Critical thinking, problem-solving, and creativity**

**Question 37: Progressive education believes in:** a) Passive learning through lectures  
b) Isolated learning experiences c) Active engagement, exploration, and questioning  
d) Rote memorization of facts

**Answer: c) Active engagement, exploration, and questioning**

**Question 38: Child-centred education encourages teachers to:** a) Focus on rote memorization  
b) Impart knowledge through lectures c) Facilitate students' independent thinking and learning  
d) Enforce strict discipline and obedience

**Answer: c) Facilitate students' independent thinking and learning**

**Question 39: Progressive education values:** a) Isolated learning experiences b) Standardized assessments  
c) Active exploration and experiential learning d) Passive student behaviour

**Answer: c) Active exploration and experiential learning**

**Question 40: Child-centred education promotes:** a) Teacher-centred instruction b) Passive student behaviour  
c) Student agency, active engagement, and inquiry d) Strict adherence to a rigid curriculum

**Answer: c) Student agency, active engagement, and inquiry**

**Question 41: Progressive education advocates for:** a) Isolated learning experiences b) Teacher-directed instruction  
c) Active student engagement and collaborative learning d) Rote memorization of facts

**Answer: c) Active student engagement and collaborative learning**

**Question 42: Child-centred education values:** a) Passive learning through lectures b) Memorization of facts  
c) Active student participation and personalized learning d) Rigid curriculum structure

**Answer: c) Active student participation and personalized learning**

**Question 43: Progressive education emphasizes:** a) Rigid classroom discipline b) Teacher-centered instruction  
c) Experiential learning and active engagement d) Passive listening and note-taking

**Answer: c) Experiential learning and active engagement**

**Question 44: Child-centred education values the development of students' abilities**

**in:** a) Rote memorization b) Passive listening c) Critical thinking, problem-solving, and creativity d) Conformity and obedience

**Answer: c) Critical thinking, problem-solving, and creativity**

**Question 45: Progressive education believes in:** a) Passive learning through lectures

b) Isolated learning experiences c) Active engagement, exploration, and questioning  
d) Rote memorization of facts

**Answer: c) Active engagement, exploration, and questioning**

**Question 46: Child-centred education encourages teachers to:** a) Focus on rote memorization b) Impart knowledge through lectures c) Facilitate students' independent thinking and learning d) Enforce strict discipline and obedience

**Answer: c) Facilitate students' independent thinking and learning**

**Question 47: Progressive education values:** a) Isolated learning experiences b) Standardized assessments c) Active exploration and experiential learning d) Passive student behaviour

**Answer: c) Active exploration and experiential learning**

**Question 48: Child-centred education promotes:** a) Teacher-centered instruction b) Passive student behaviour c) Student agency, active engagement, and inquiry d) Strict adherence to a rigid curriculum

**Answer: c) Student agency, active engagement, and inquiry**

**Question 49: Progressive education advocates for:** a) Isolated learning experiences b) Teacher-directed instruction c) Active student engagement and collaborative learning d) Rote memorization of facts

**Answer: c) Active student engagement and collaborative learning**

**Question 50: Child-centred education values:** a) Passive learning through lectures b) Memorization of facts c) Active student participation and personalized learning d) Rigid curriculum structure

**Answer: c) Active student participation and personalized learning**
